

Pre-Terminated Copper Cables Cat5e/6/6a

MSS Pre-Terminated Copper Cables Cat5e/6/6a

Description:

Manufactured here in Australia, our fully tested Pre-Terminated Cables can be supplied to your specific length, core count, colour and connector type.

We can terminate both copper and fibre cables with all cable assemblies performance tested to AS/NZS-3080/ISO-11801/ANSI-568 and supplied with the test report.

From simple patch leads to plug and play permanent link cables for quick and easy installation, we have the resources and expertise to deliver a quality product with short lead times and friendly customer service.

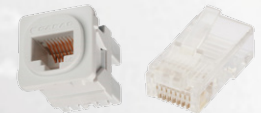

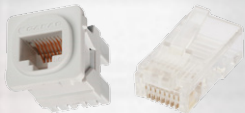

All our cable assemblies are ACMA Compliant.

Features and Benefits:

- Fully tested and ready to be installed
- Can manufacture a pre-terminated cable to your specific length, colour and connector type
- Pulling conduit assemblies available
- Custom labelling
- Cable drum for re-deployment
- Tested to AS/NZS3080, ISO 11801 Performance Standards
